| Classic 8.5oz Jar | 8.5 | 50 | | | |

KRINGLE CANDLE® is

Bigger Better Faster Stronger

Our two wicks deliver more fragrance faster
without reducing total hours of burn time.

Our new larger
jar candles represent
a bigger, better
value at 16 and
22 ounces of wax.

Our new two wick
design guarantees
an even, steady
burn throughout
the entire life of
the candle.

Our thicker glass
sham provides a safer
burning experience
without requiring an
accessory below.

It's a truly bright
idea! With two wicks,
you'll see an even
brighter glow and
receive double the
average light output.
